PROFILE

Bachelor's graduate in Distributed Computer Systems, passionate about web development, networking and distributed systems. Hands-on full-stack experience with Laravel, PHP and Bootstrap gained through an internship and academic projects. Rigorous, autonomous and a proven leader (hackathon team lead, training lead in a computer science club). Seeking a **web development / IT internship** to strengthen my skills and build a lasting career in the industry.

TECHNICAL SKILLS

Languages: Java, C, PHP, JavaScript, HTML5, CSS3
Frameworks & Libraries: Laravel, Blade, Bootstrap
Databases: SQL, PL/SQL, PDO
Modeling: UML (StarUML)
Tools: Visual Studio Code, XAMPP, Microsoft Word, Microsoft Excel
Areas: Web development, responsive design, distributed systems, networking

PROFESSIONAL EXPERIENCE

Web Developer Intern – ONESTECOM **Apr 2025 – Jun 2025**
Marrakech, Morocco

- Designed and built a complete web application for an agency (DevCreativ) using Laravel (back end) and Blade (front end).
- Implemented the MVC architecture (routes, controllers, views) and managed data with a SQL database.

ACADEMIC PROJECTS

Responsive E-commerce Website **HTML, CSS, JavaScript, Bootstrap**

- Built a responsive online store with product and shopping-cart management and an optimized user interface.

Medical Appointment Management Web App **PHP, PDO, SQL**

- Online appointment booking with an intuitive interface and secure user session management.

Dynamic Web Portfolio **HTML, CSS, JavaScript, Bootstrap**

- Personal website showcasing my background and projects and making it easy for recruiters to get in touch.

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

Team Leader – FemTech Hackathon **Cité de l'Innovation, Agadir**

- Led the team: task distribution, coordination and presentation of the solution to the jury.

Training Lead – Computer Science Club **2024 – 2025**
Faculty of Science and Technology (FSTG)

- Organized and delivered computer science training sessions for club members.

EDUCATION

Bachelor's Degree (Licence) in Distributed Computer Systems **2024 – 2025**
Faculty of Science and Technology (FSTG)

DEUST – Mathematics, Computer Science, Physics, Chemistry (MIPC) **2021 – 2024**
Faculty of Science and Technology (FSTG)

Baccalaureate in Physical Sciences **2020 – 2021**
Hassan El Khayat High School, Agadir
